### Listing details

#### Common

Make / Brand: Gardner Denver  
Model: Two 20,000 PSI Hydro Demolition Pumps  
Condition: Used  
Price: \$ 95,000  
Description: GARDNER DENVER TWIN 20KPSI CONCRETE HYDRO DEMOLITION MACHINES

This listing is for TWO Hydro Demolition Pumps:

1. HB GD-600

- 20,000 PSI Rated
- 85 GPM MAX
- Detroit Series 60 Diesel Motor with Transmission
- 500hp

2. TX-450

- 20,000 PSI Rated
- 35 GPM MAX
- John Deer 500hp Motor

\$95,000 each or \$188,000 for both

FEATURES:

- Self-Contained - trailer mounted system easily transported
- Powerful – 20,000 psi water pressure
- Safe – blasting is mostly done with robotics
- Efficient – more thorough dead concrete removal than with mechanical methods
- Enhanced Results – provides better prepared surface for an over pour

Hydro Concrete Demolition Advantages:

- Faster Concrete Demolition
- Higher Quality Alternative to Mechanical Mills and Jackhammers
- Self-Contained (just provide water)
- Improved Surface Quality for Adhesion
- Better Prepared Surfaces for Over Pours
- Transmission Driven Unit Adjusts Flow to Demands of Each Job
